

# Welcome from the BRENT DIVERSITY WORKING GROUP

## Our Mission

The Brent Diversity Group (DWG) advances Brent's commitment to recognizing, respecting, valuing, and promoting diversity by servicing as a resource and liaison on issues of equity through education, outreach, and advocacy.

## Who We Are

DWG is an open group comprised of parents, teachers, and administrators. We are always looking for new members and ideas!

We believe that the future success of each individual is inextricably linked to the success of every student in our community. We believe that all students should feel accepted, validated, and loved. We believe a person's success should never be at the expense of others.

## Meetings

DWG meets monthly, normally the third Wednesday of the month. Children are welcome!

## What We Do

Our priorities for the coming year are:

- Advancing structural change to ensure student equity
- Fostering community and conversation related to race, gender, sexuality, and other diversity and inclusion topics
- Providing education resources to fellow Brent families
