# Reading Conversation Starters

- ★ Talking point 1: Did the poet use *alliteration* or *personification*? Find the example(s) and explain how it changed the rhythm or meaning of the poem.
- ★ Talking point 2: How did the poet give their poem rhythm or sound through rhyme?
- ★ Talking point 3: Did the poet use repetition? If so, what words or phrases were repeated in the poem? Why do you think the poet chose to repeat those words or phrases?

Word Value

- If vowels cost 1 cent and consonants cost 10 cents, find the total value of each word. Example:
- Dog D=10 O=1 G=10
- $10 + 1 + 10 = 21$  cents

Word type

- One the computer, select a font of your choice. Type each of your words three times each.

Capital vowels

- Write each of your words three times with the consonants as lower case and the vowels as capital letters.

Sweet & Salty

- Pour some sugar or salt onto a plate. Using your finger, write each word 3 times.
